Evolution of computing

Journey....

Edge computing - A hybrid approach

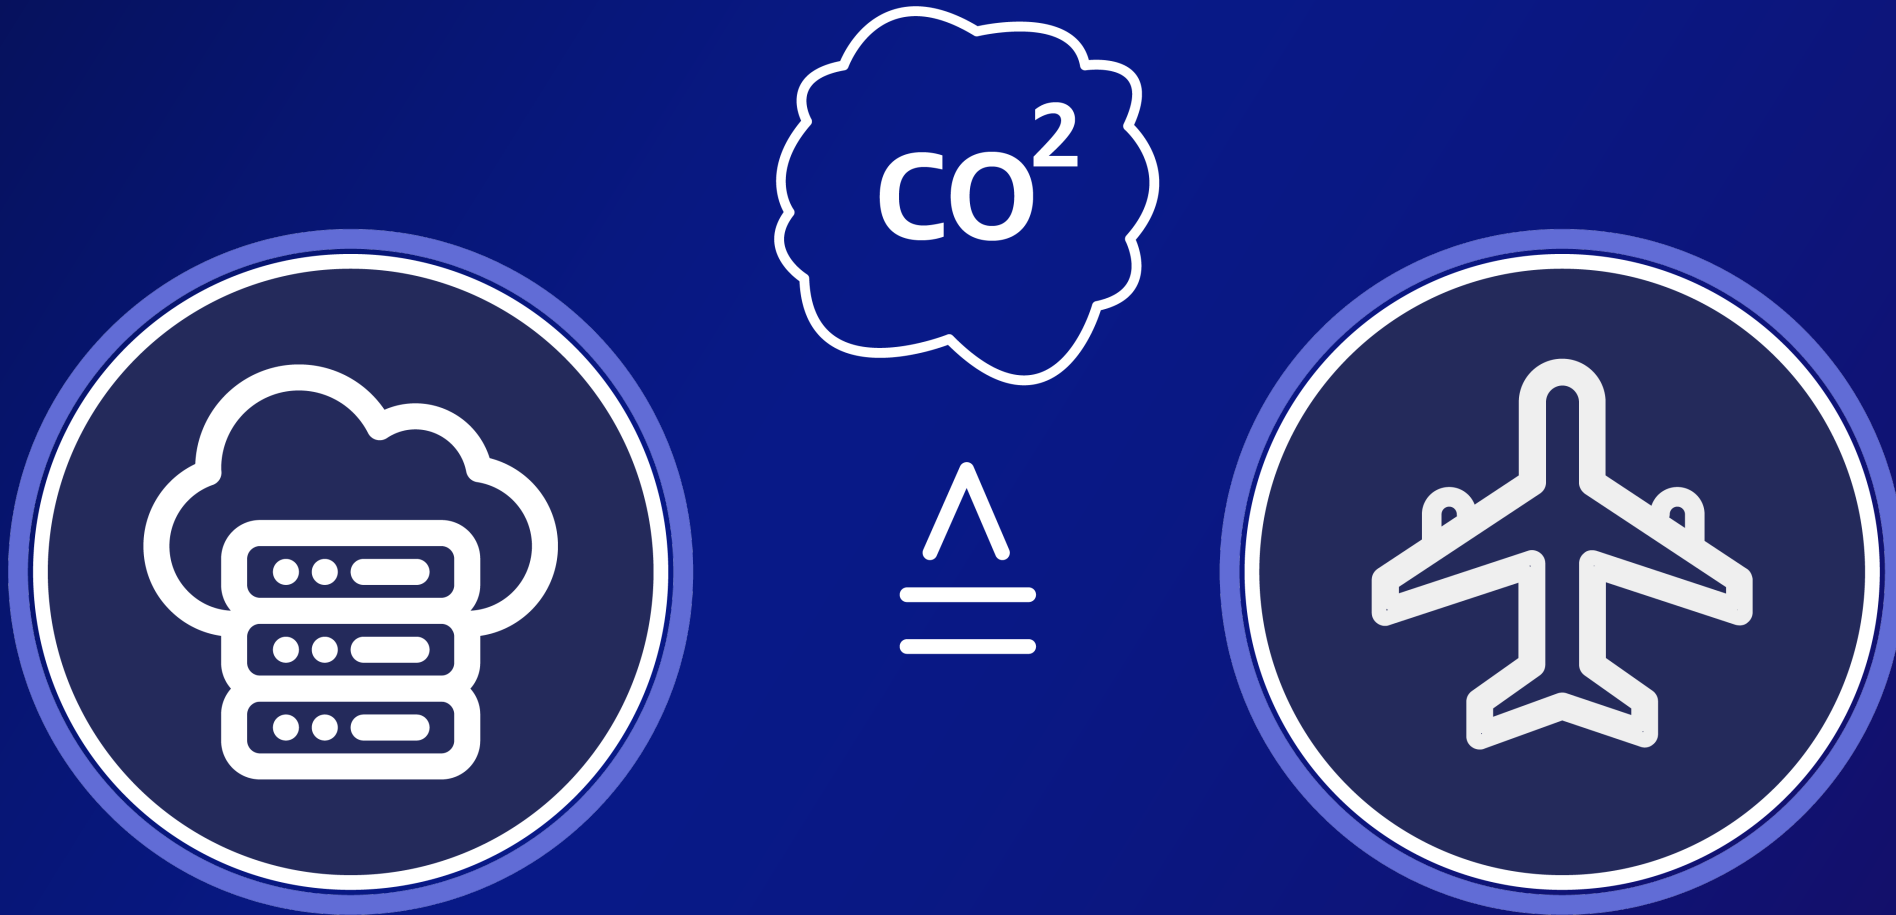

Why do we need edge computing?

Reasons for the adoption...

Sustainability for future

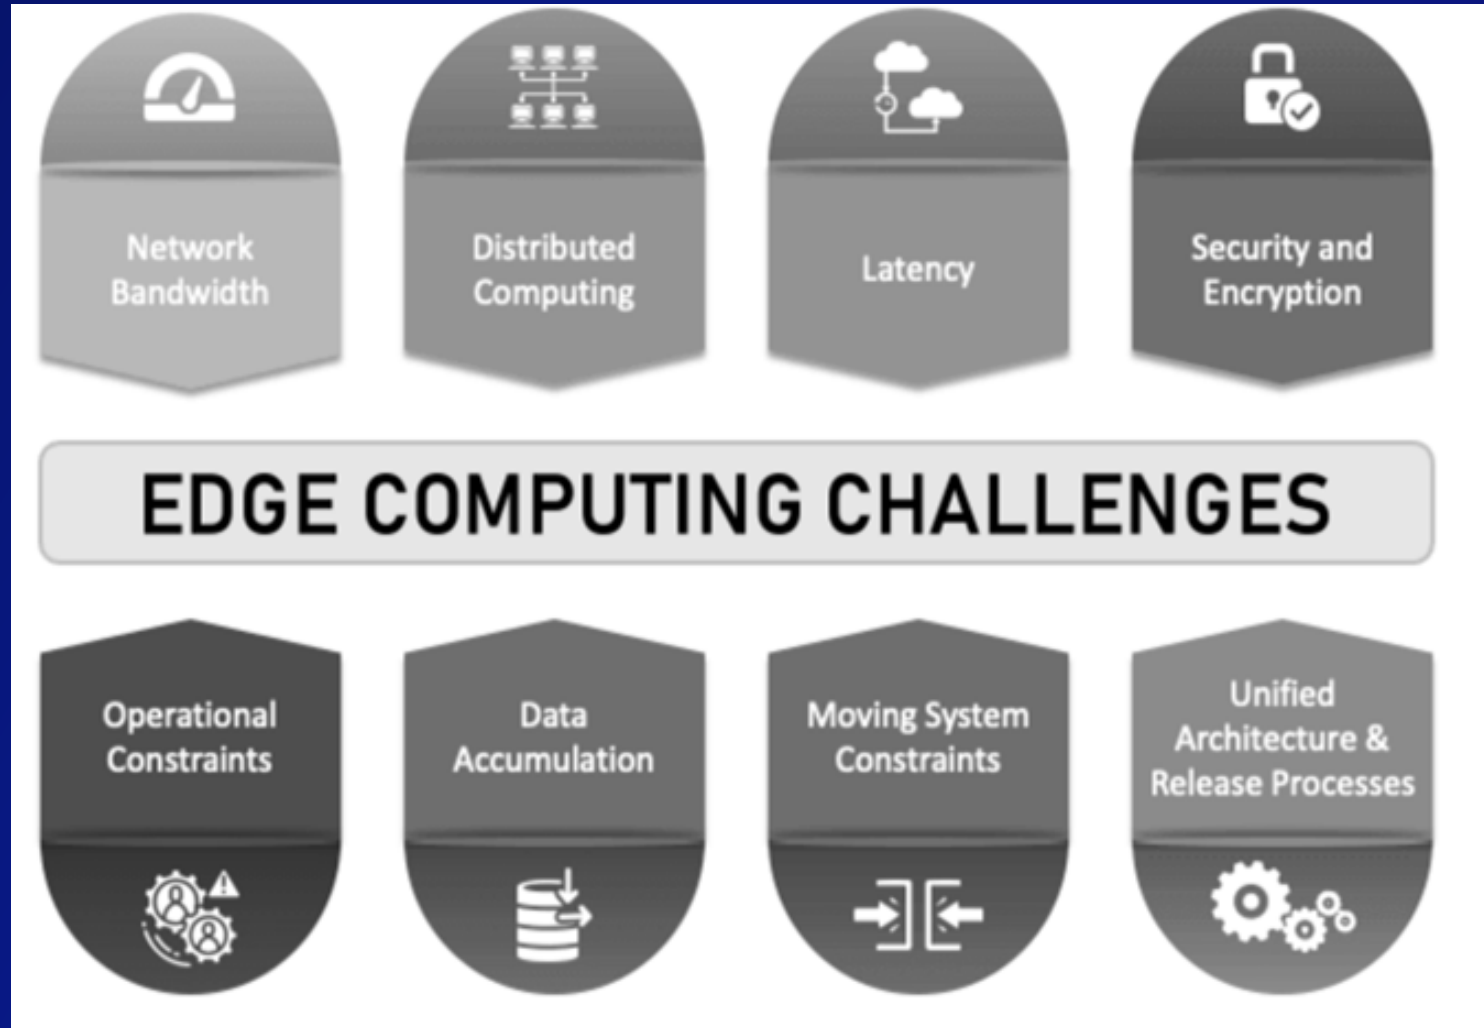

Current status...

The communications industry is projected to use **20%** of global electricity by **2025**

Challenges - Make sure you are well prepared!!!

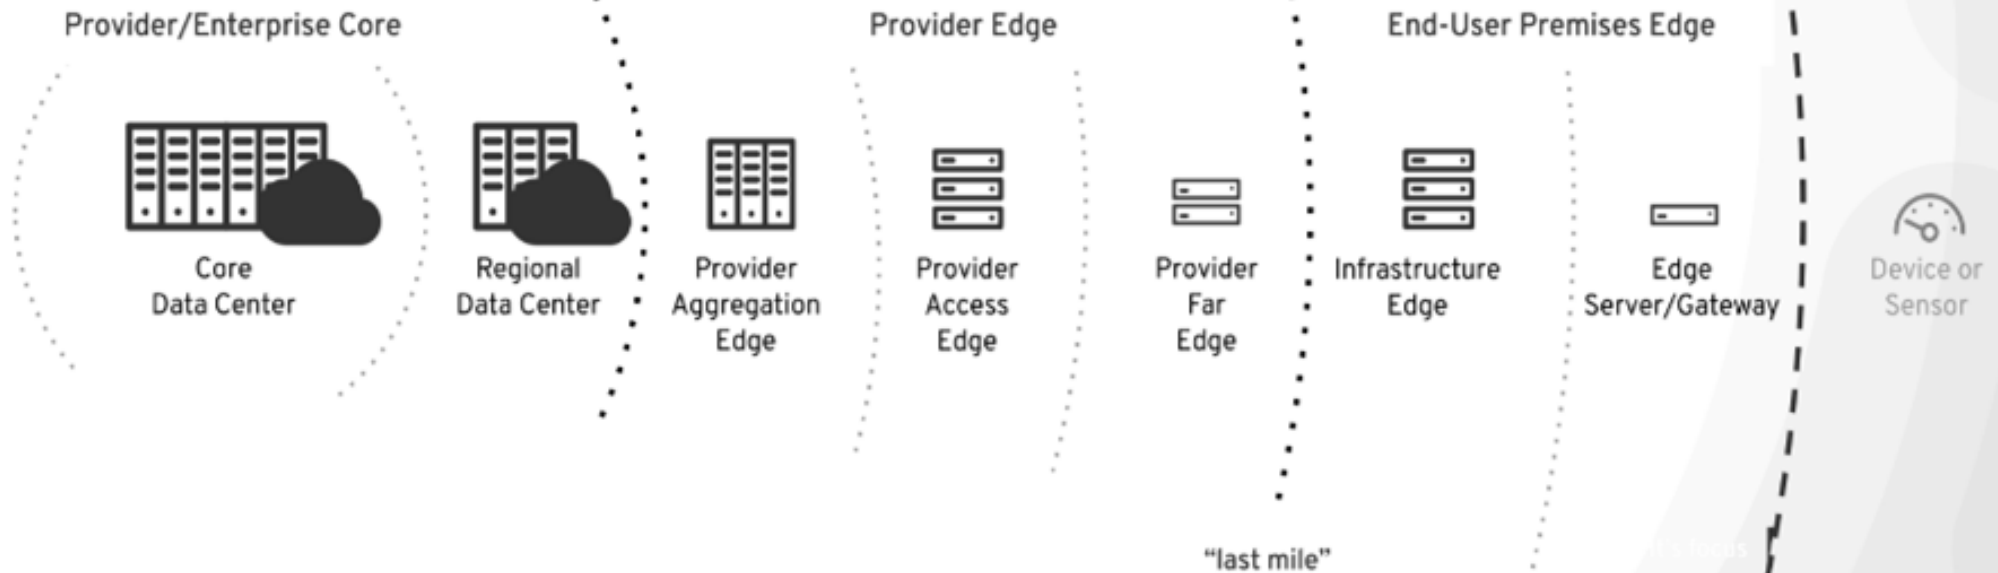

So what are the challenges?

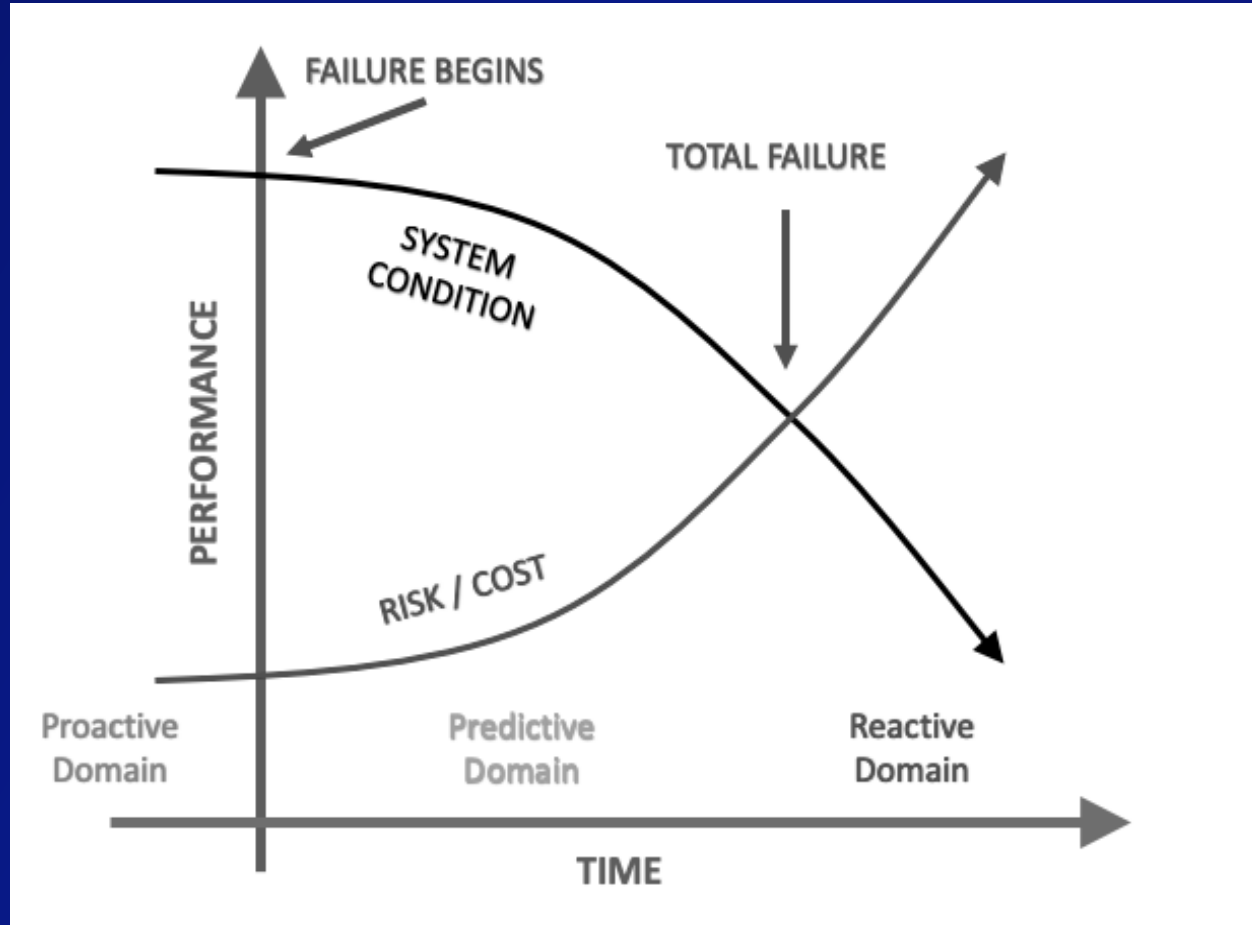

Proactive edge computing

Monitoring....

Edge Tiers / Networks

Proactive effort with predictive data - Observability

Zoho's Observability Solution

Thank you!
